## EXPERIENCE

### Note3Sixty

This is a social media application that combines writing and keeping a notes, to-dos, budgets, and events of your daily lives and transactions.

I built this with Jwt, MongoDB, Express, React, NodeJS, Typescript

### Online Magazine

This is a responsive landing page built with HTML and CSS

### Budgety

Budgety is a budget app with user authentications that keeps and calculates your daily incomes and expenses.

I built this with Postgres, Sql, Express, React, NodeJs, Jwt.

35, Kaara Street (Ajao Estate),  
Lagos, Nigeria.
